Household Hazardous Waste Collection

When disposed of in the trash or poured down a sink or storm drain, the toxic chemical components in products like paint, turpentine, acid or lye-based cleaners, household and car batteries, pesticides, and herbicides will damage the environment.

These items end up in Clear Lake or other waterways, endangering the health of all - children, wildlife, pets, and the environment.

Household hazardous waste is collected from Lake County residents the third Friday and Saturday of each month from 9:00 a.m. to 1:00 p.m. at rotating ends of the lake for convenience to all residents in Lake County.

Most items are accepted free. Businesses must make an appointment by calling 234-6400 and a small fee will apply.

REMEMBER:

- Propane tanks (any compressed cylinders), maximum 5 gallons.
- Be prepared to show identification as a Lake County resident.
- Electronics and used oil are accepted at no charge at Lake County Waste Solutions and Southlake Refuse & Recycling.
- State law prohibits delivery of more than 15 gallons per vehicle.

Hazardous Materials that can be Dropped-off at HAZ-DROP Include:

- batteries (automotive and household)
- antifreeze
- paints
- toxic cleaners
- solvents
- fluorescent light tubes and CFLs
- gasoline
- propane tanks 5 gallons and smaller
